

ECHO Key Messages

Emergency and Community Health Outreach

Key Messages for ECHO Show #313 & #314 “HIV/AIDS Prevention and Awareness”

Finalized Script Deadline: Friday, October 5th, 2007

Translation Deadline: Monday, October 15th, 2007

Translators: Translate only the words not “number 1, number 2, number 3”. Please contact Larry Bogoslaw with any questions. Good luck work!

Number 1: H-I-V is the virus that can cause a disease called AIDS that weakens the body’s immune system.

Number 2: H-I-V is transmitted during sex when condoms aren’t used correctly or from using contaminated needles to inject or pierce.

Number 3: H-I-V infection is preventable and treatable but not curable. Get tested and take care of yourself and your family.
