3 Key Messages for ECHO Show #9 “West Nile, Lyme, and Other Bug Diseases”

Translation Deadline: Monday, February 14th, 2005.

Translators: please contact Larry if you have any questions. Good luck with your work!

Number 1: Mosquitoes and ticks can carry diseases called West Nile, La Crosse, and Lyme Disease

Number 2: Use bug repellents and wear proper clothing to protect your skin from bug bites

Number 3: See a doctor if you've spent time outdoors and suddenly get sick with a fever, rash, headache or vomiting
