In case of an emergency, are you prepared to evacuate your home?

Each year thousands of people must evacuate their homes due to floods, fires and accidents involving hazardous material.

Everyone should prepare an emergency kit that you can grab at a moment’s notice.

You should also plan who to stay with if you had to leave your house.

For more information on how to prepare for a home evacuation, go to echominnesota-dot-org.

TIPS when WRITING FOR TRANSLATION

- Keep it brief. Most messages DOUBLE in length when translated.
- Keep it simple. Text should be at a 6th grade level or lower.
- Keep it clear. Any ambiguity causes difficulties in translation.
- Break it down by sentences (as shown below). The longer the paragraph, the more complicated the translation process for multi-media use.

[Note to translator: Be sure to translate the PSA title (above) into your language. Replace the English text below with your translated text. Thank you.]

[Note to reader: Be sure to read the website names slowly and clearly. Remember only 59 seconds of recording time is available.]
