## Key Messages

### **“Breast Cancer: Detection, Prevention and Treatment”**

Translation Deadline: July 7, 2010

**Translators: Translate only the words and not “Number 1, Number 2 and Number 3.” Please contact your project manager with any questions.**

**Number 1:** All women can receive breast cancer screening and treatment.

**Number 2:** Have a mammogram every year, starting at age 40.

**Number 3:** Breast cancer is more treatable if it's detected early.

###
