Key Messages for ECHO Show #11 “Child & Teen Checkups”

Translation Deadline: Monday, April 18, 2005.

Translators: please contact Larry if you have any questions. Good luck with your work!

1. Regular medical checkups—also called “Child & Teen Checkups”— help keep your child healthy.
2. Children who have regular checkups have fewer health problems.
3. Find a clinic you like, and continue going there as your children grow up.
